NUMBER THIRTY-ONE

# SPIRIT OF THE DONS RULES FIESTA DAY

## "Ladies Of The Jury" To Be Given Tonight

### FIESTA PLAY TO BE FEATURED BY UNUSUAL COMEDY

Humor, Intense Drama And Fights In Jury Room Promise Interest

Louise Leck In Lead

Lembke, Hookins, Siracusa, Thompson, McAdams Also In Cast

Was Yvette Gordon, French chorus girl in a Broadway musical show, guilty of murdering her wealthy husband? If so, why? All of the evidence points to her guilt, and yet—these are the questions to be answered in the drama departments' annual Fiesta production, "Ladies of the Jury", under the direction of Ernest Crozier Phillips, head of the drama department. The show will be given tonight at 8:15 in the high school auditorium. Ticket prices have been reduced to 35 cents, it is announced.

**Play Begins in Court Room**  
The play begins in a court room at Rosevale, New Jersey, where the selection of jurymen for the Gordon murder trial is being held. Mrs. Crane, wealthy society woman, the last member to be accepted, provides much comedy by her lack of knowledge of the simple amenities of the court room, much to the embarrassment of the judge. Her entrance is marked by daintily stepping over all court formalities in addressing the judge with flattering apologies for stopping on the way to say goodbye to their mutual friends.

The taking of evidence is frequently interrupted by the sparring of the lawyers and is punctuated by remarks from Mrs. Crane and Miss Pratt, a prim, caustic spinster, both of whom are frequently called to order by the exasperated judge. Mrs. Crane's questions, though apparently naive, show a subtlety that is prophetic of the role she is to play.

**Maid's Testimony is Bad**  
Evelyn Snow, former maid of Mrs. Yvette Gordon, is the state's chief witness, and gives incriminating evidence, which because of her position in the family, seems indisputable. The tension of the trial is frequently broken by the questions of Mrs. Crane, who shows a lack of court experience, but the queries are so cleverly turned as to be embarrassing to the person to whom they are directed.

As the jury files out, the tearful Mrs. Gordon, recognizing a friend in Mrs. Crane, protests her own innocence and begs Mrs. Crane to save her. Mrs. Crane, however, seems unmoved as she follows the others into the jury room.

**Eleven Ballots For Death**  
The second and third acts take place in the jury room. On the first ballot there are eleven for conviction and one for acquittal. The commission (Continued From Page 6)

### Local Stude Makes Good At Playhouse

Marking a definite step in the direction of his chosen profession, that of acting, Robert Deupree, Santa Ana college drama student, appeared in the recent Pasadena Community Playhouse production, "Black", an all-character play under the direction of Gilmore Brown, Playhouse director. The work of Deupree was very good, according to reports.

Deupree, who will also appear in "Ladies of the Jury", tonight's Fiesta play, will be remembered for his work as Daniel Gilchrist in "The Fool", by Channing Pollock; Julian Cleveland, in last year's Fiestas' production, "Cock Robin", as well as numerous one act plays and skits given by the drama department.

D. K. HAMMOND  
President of S. A. Junior College

### SIRACUSA MESSAGE

Seniors, we greet you. On this festive occasion as we harken back and assume the pleasant role of the early Californians, whose congenial natures radiated hospitality, we desire to meet you, to join you in the festivities, and to become the best of friends. We, of Santa Ana, are proud of our college and happy that you can behold it for perhaps the first time under the favorable conditions that this Fiesta Day offers. Do not think we are always arrayed in the gaudy colors so apparent today—no, these are cast aside for another year—but that inimitable Don spirit does prevail and pervades the atmosphere perpetually.

May I urge you to attend and participate in all the activities that have been planned for your enjoyment. Any loyal Don or Dona will gladly assist you in any way and help to make this a memorable day in your lives. Remember, above all, have a good time and whether or not you intend to matriculate here next fall, we hope that at the close of this Fiesta you will have a warm spot in your hearts for good old Santa Ana college.

Adios, amigos,  
DANTE SIRACUSA

### Summer School Will Be Given For First Time This Vacation

Marking the initial attempt at a summer school, following action of the board of education making the sessions possible, the Santa Ana college is prepared to offer thirty courses, including instruction in every department, it has been announced by the administration. Members of the regular teaching staff will compose the summer faculty.

Several courses will be offered high school students, who have a deficiency in credits for graduation or for college admittance, although the selection will not be so wide as for junior college students. Pamphlets describing courses and giving detailed information may be secured in the office, it is reported.

Since the State law limits junior college students to a maximum of six units of work for credit, the fees have been set as follows: \$4 per course, if less than six; \$20 for six units, and a registration fee of \$2.50 to cover clerical, janitor, and library expenditures. Students may carry more than the allotted six units if they desire the course for its educational benefits alone. The sessions are scheduled to begin on June 20, and will end on July 29.

Following the first announcement, that a summer school would be given, much student interest has been shown in the project, according to the reports. Students who have dropped courses in high school and wish to make them up before entering college, as well as junior college students who need "brushing up" will now be given that opportunity to do so, it has been pointed out.

### MESSAGE FROM D. K. HAMMOND

It is always pleasant to heed the call for Fiesta and to "go Spanish" for a day. Probably no custom in our college is becoming deeper rooted than this. As its scope has gradually widened, its value is more greatly appreciated.

It is generally agreed that one of the outcomes of the economic readjustment, which we are now undergoing, will be more leisure time for everybody. To use this added leisure time wisely will necessitate a reevaluation of all phases of our living. More attention will be given to the cultural. We will endeavor also to consider more thoughtfully the amenities of social intercourse, becoming more resourceful ourselves for our own entertainment and less dependent upon outside sources.

A study of the old Spanish civilization and customs will show us how to solve this problem to some extent at least. Let us continue to capitalize the opportunities we have at hand, and join in La Fiesta!

### FIESTA PROGRAM

MORNING  
10:20 A. M.

Welcoming Procession of the Don and Dona—

Crowning of Don Charles Stehly and Dona Iona deRemer—  
BY FATHER ST. JOHN O'SULLIVAN

Awarding of Prizes for Annual Beard Growing Contest—

8:15 P. M.

College Play—"Ladies of the Jury"—

UNDER THE DIRECTION OF ERNEST CROZIER PHILLIPS

PHIL TOWNSEND HANNA  
Day's Principal Speaker

### FISK MESSAGE

There is no event in the college year which furnishes students and faculty an opportunity to unite in a common cause and in a demonstration of school spirit as does Fiesta Day. Throughout the year students and faculty are engaged in activities, according to their individual interests. The major interests of some are athletics, of others are studies, still others are service clubs or social activities, or music or journalism. Regardless of interests, however, all students and faculty join together in pledging themselves anew to the glorious traditions of the Dons who formerly guided the destiny of Southern California.

On this day may the spirit of the Dons express itself in joy, good fellowship, and friendly hospitality.  
McKEE FISK

### Hammond Says Cafe Will Be Ready For Use Next September

With the completion of work on the new cafeteria scheduled during the month of June, assurance that students will have access to the new plant with the opening of the school term next fall has been made by D. K. Hammond, president of the college.

The large dining room situated in the central part of the building will have a seating capacity of 250 persons. This room will also be used for music classes when serving isn't being done. In addition two music rooms have been provided in the building, one of which will be used as a faculty dining room.

One of the features of the building will be a fountain at which soft drinks and cold lunches will be sold. There will be small tables in the same room to accommodate students desiring to eat light lunches.

As has been the custom in previous years, all food and drinks will be served without profit, it has been announced by school authorities. Figures taken during the month of March show that the average cost of luncheons was 17 cents.

### Mother And Daughter Annual Banquet Date Is Tentatively Set

Although no arrangements have been made yet for the annual mother and daughter banquet, a tentative date of Wednesday, May 25, was decided upon by members of the A. W. S. cabinet cabinet at a recent meeting. Plans for the affair which has always been one of the seasons largest socials will be definitely decided upon next week.

The banquet was held last year at the Highway Tea Garden, and it is possible that this place may again be chosen. This yearly event is promoted with the purpose of creating a deeper interest and cooperation in college life between parents and students.

### TOURING TOPICS EDITOR IS MAIN SPEAKER OF DAY

Rev. St. John O'Sullivan To Crown DeRemer, Stehly As Don And Dona

Visitors Welcomed

Afternoon Arena Program, Dance, Beard Judging, Play, Ends Event

Charming señoritas in glittering spangles, colorful costumes, and smiling dons in brilliant boleros and sashes, transformed the local campus into a veritable Spanish holiday, when students, faculty, and friends united under the spell of the spirit of los dons in celebrating the fifth annual Fiesta Day of the Santa Ana Junior college.

Festivities opened at 10:20 this morning, with the coronation of Charles Stehly and Iona deRemer, as rulers of the day. The Reverend Father St. John O'Sullivan, of the San Juan Capistrano Mission, administered the coronation ceremonies. A grand procession, formed by the students in costume, greeted the entrance of the Fiesta rulers.

Under the capable direction of George Griffith, Fiesta Day chairman and Don last year, an interesting program has been arranged. Phil Townsend Hanna, well known author, lecturer, and at present editor of "Touring Topics", official magazine of the Automobile Club of Southern California, was the principal speaker of the morning and is outstanding guest of the day.

In addition, several hundred prospective graduates from Orange county high schools will be welcomed at 3:00 o'clock this afternoon by Dante Siracusa, president of the Associated Students.

The morning program, following the coronation of the Don and Dona, was composed of vocal selections by the Don quartet, Mark Hare, Martin Bowman, Bill Fox, and Philip Griset; an address by Phil Townsend Hanna; selections by the señores Lobo, Higuera, Manuel and Raul Montyano; "La Jota", a Spanish dance, by the Donas Celia and Margaret Yanas; and announcements concerning the Fiesta by George Griffith, chairman of Fiesta day.

The Don quartet will again give (Continued on Page 6)

### Deadline Is Set On Requests, Subsidies

Budget requests and subsidies will not be accepted later than next Monday, May 16, at 8:00 a. m., according to an announcement from Jac Crawford, Associated Student treasurer.

Graduation caps and gowns, to the number of 160 have been purchased by the Associated Students, as a result of action taken by the executive board at their meeting last Monday. The outfits are to be purchased at a total cost of \$960 cash. It is planned to rent them out to the graduates for two dollars apiece, the price charged by regular costume houses, until they are paid for, then rent them at a lower price.

Part of the money is to be realized from the present graduation class, the remainder of the track fund, and the social fund, at the end of this semester, and the balance to be borrowed on a long term note, according to the preliminary plans, and paid back from rentals to graduates. Vandermast, local clothier, has offered to take care of the storage and checking in and out of the outfits, at no cost, it is reported.

It was agreed to match the Engineers, dollar for dollar, up to ten dollars, to aid them in promoting their Senior Night, on May 20.

# EL DON

"With one aim—to serve student and college."

The official publication of the Associated Students of Santa Ana Junior College, published weekly by that body, and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper.

Entered as second class matter in the Postoffice at Santa Ana, California, September 25, 1928, under the act of March 3, 1872.

## EL DON'S PLATFORM

It is the aim of El Don as the official newspaper of the Santa Ana Junior College Associated Students to—

- 1—Take an active interest in the welfare of the association and aid in the progress and promotion of the organization's activities.
- 2—Assist in making the Santa Ana junior college the best educational institution of its kind in California.
- 3—Promote the most friendly and cooperative relationship possible between students of the school and faculty members.
- 4—Assist student officials in discharging their duties by presenting the attitude of students on problems of the association.
- 5—Offer unbiased, truthful and enterprising accounts of events on the campus thereby aiding in the promotion of such activities.

## EDITORIAL COMMENT

### Welcome Seniors

Welcome seniors of Orange County! To you we extend a hearty greeting and it is our hope that you will enjoy the hospitality of the Dons and Donas and get a touch of the friendly spirit of the Santa Ana Junior College.

We are glad to be hosts to you this day when all is gay and festive. May your stay on the campus give you an insight of the activities of the school and an appreciation of the part the junior college plays in the educational system of the state. The campus is yours for the afternoon and evening; make yourselves thoroughly at home and have a good time.

### Fifth Annual Fiesta

Hail Dons and Donas, when we, on this joyful Fiesta Day, can cast aside the usual daily cares and indulge in the glory of the atmosphere of our Spanish traditions!

Let the spirit of freedom and romance of the days of old California be felt by every true Don and Dona and let this Fiesta day be one that will mark the welding, more strongly than ever, of old friendships, as well as the forming of new ones that will last throughout the years.

Fiesta means much more than a period of gayety and freedom from cares. It is a tribute paid to the founding of true Don spirit for which this college is so well known. It should be so, for a celebration based on festivity alone would soon pass from memory, but this spirit of the Spanish Dons, with the real Latin courtesy and friendship, must prevail.

### An A. P. Degree

There is one form of the human race for which we have the utmost repugnance. It is that person who persists in ostentatiously taking down every word the instructor utters.

If members of this branch of the animal kingdom were really learning the things that they take down, it might be a different matter. But we doubt seriously if more than one out of ten is doing it for any other reason than to impress the prof.

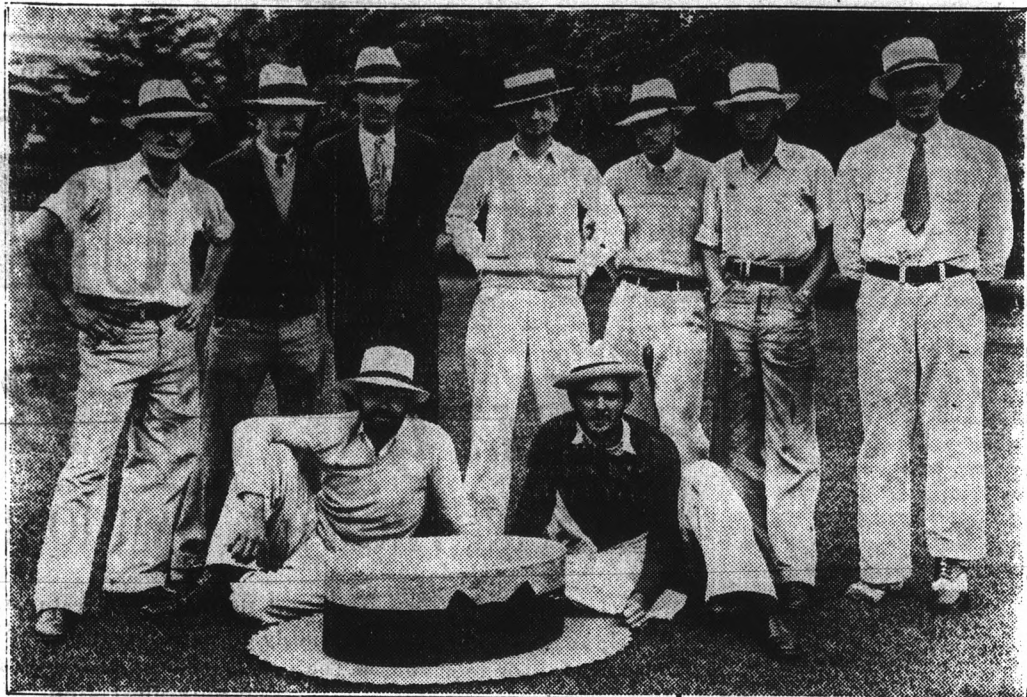

This student comes from a large group. There are several names for him. The most popular of the printable ones is the "apple polisher". He sits in the very front row of the class room. From the moment that the instructor begins his lecture he starts bobbing his head back and forth with automatic regularity, and he stops only when the bell rings.

Another form of the tribe is the one who makes it a special point to remain after the class has been dismissed and talks to the instructor on the lesson just covered. He must stick his little oar in, and tells the prof the original thoughts he has on the subject, usually gleaned from a book written by the same professor.

Don't mistake us. For the student who is making an honest effort to learn more of the subject we have the utmost sympathy and admiration. If he desires to spend more time with the instructor in the study of the subject, he has our blessing. But for the large herd that have a "B" or an "A" as their goal and who fail to receive any additional knowledge in spite of their outward demonstration we have only contempt.—Junior Collegian.

## OVER THE EDITOR'S DESK

BY GLOVER HENDRICKSON

**SENIORS ARE WELCOMED** on the campus of the Santa Ana college today and we should be glad to have the opportunity of extending a greeting and making their acquaintance. It is friendships, formed during a festive time, that are remembered pleasantly.

**SERVICE CLUBS** AND other organizations and individuals are to be congratulated on the spirit shown in making this Fiesta, the fifth annual one to be celebrated, one of the most outstanding of them all. A lesson has again been repeated. Namely, that cooperation, and only that, can put on a big job in a big way.

**MR. PHILLIPS** AND the cast of "Ladies of the Jury", have worked hard to put on this production for your entertainment. And it is good entertainment. If you saw the picture then you have an idea of the plot, but until you see Mrs. Crane played by Louise Leck you have no idea how screamingly funny it can be. And she is not the only funster on the bill, either. Siracusa in the part of Tony, the Greek; Bonnie Kiser, playing an old maid; Beth Collar, as Mayme, a ticket office girl; and we could go on through the whole cast, but lack the space. Don't miss it, it is good.

**ONCE AGAIN** TO THE seniors of Orange County who are with us today. We are glad to see you and make your acquaintance. We would like to have you come again. In the meantime, while you are here, make yourselves thoroughly at home and have a good time. Any costumed Don or Dona is glad to show you about or help you in any way.

## HIA WATHA'S LOVE SONG

By the shores of Cuticura,  
By the sparkling Pluto Water,  
Lived the Prophylactic Chiclet—  
Dandarine, fair Reo's daughter.  
She was loved by Instant Postum;  
Sun of Sunkist and Victrola;  
Heir apparent to the Mazda;  
Of the tribe of Coco Cola.  
Through the Tanlac strolled the lovers—  
Through the Shredded Wheat they wandered—  
"Lovely little Wrigley Chiclet,"  
Were the fairly words of Postum.  
"No Pyrene can quench the fire,  
Nor an Aspirin still the heartache,  
Oh, my Prestolite desire,

## Beard Growers' Wear Straw Hats Friday

Friday, May 13, is also "National Straw Hat Day", as unlucky for felt hats as it will be for some of the commoner garden varieties of Don beards, and so there has been conceived a biological, zoological, or botanical, as you like, experiment to determine the relation of the awn of the chin to the awn of the straw. Catch awn?

A number of the more setaceous Dons, therefore, will have the opportunity to help launch this national straw hat habit on May 13, by posing before the camera and having the straw-hatted and hirsuted result flung to the hungry public through the newspapers.

So, if National Straw Hat Day is a flop in Santa Ana, it probably will be due to the depression.

## J. C. Fire Department Saves Day, Car With Pickle Can

Meet Jack Ketter, Rhodes Finley, a pickle can, and a drinking fountain—the new J.C. fire department.

It happened this way. Some unknown person left his unemployed cigarette in the seat of an unknown car while he went to talk to his girl—or, maybe it was the other way around! Anyway, the cigarette got burned up waiting so long—and took a piece of the seat with it.

The heroes of the day, Ketter and Finley, rushed to the nearest drinking fountain with a pickle can, inserted it under the spout, and after five minutes of patient waiting managed to get enough water to cover the bottom of the can. Then while one beat the conflagration, the other poured several drops on it and saved the day—or rather, the car.

Visitor—Is that your real name?  
Prisoner—Naw, dat's just me pen name.

Was he a Don Juan?  
Well, they buried him in Philander's Field.

I say, waitah, nevah bring me a steak like that again.  
Waiter—Why not, sir?  
It simply isn't done, old thing.

Glenn S.—Your steak is like the weather this evening; rather raw.  
Landlady—Indeed? By the way, your account is like the weather too—unsettled.

First Cannibal—The chief has hay fever.  
Second—Serves the old foggy right for eating that grass widow.

Let us marry, little Dyer-Kiss.  
—Proof, De Molay, Deacon

## LIFE OF A REPORTER

He did not punch a time clock or carry a dinner pail, a thermos bottle of milk. Instead he sat bent over a typewriter pounding out thousands of words of ceaseless jabber or hurrying madly all over town to get a story. He was only a reporter. There was no glory connected with the job. His name was not flashed on the pages of the paper underneath his stories. Instead he came and went, a machine, an automaton. Where was the end of all this? Was there an end to this ceaseless strife? What could he call success?

Yet he seemed content, yes, really content, with his work. He would tell you that the feeling of power over the use of words and flowery language was enough for him. He could take a rank story and turn it into a work that would thrill his readers to the core. He could write in all fashions and moods. He was a ruler and master of words. He loved them, and liked to play with them to juggle them, and compose them in his brain and then hammer them out on a typewriter to the tune of the thundering presses. And as for hurrying, well, that was lots of fun.

## REVIEW OF THE TRADE

Undertakers report that business is dead. Claim that everything looks black to them. Grave situation.

Bottling companies are optimistic. Say that business is corking.

Breweries claim that market is weak, but they have no kick coming.

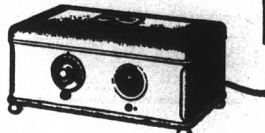

Bootleggers doing rushing business. Claim unfair competition by manufacturers of Noonan's Hair Petrole.

Tailors say business is pressing. Market is practically sewed up, but business is always (in)creasing.

Leather dealers are in hiding. General opinion is that they are working a skin game.

Shoe dealers are well heeled, but they won't save their soles. It is expected that they will soon be on their uppers.

## Tuning In

ON NEWS OF THE PAST By Katherine Mateer

In celebration of the traditional holiday of early California, George Griffith and Maybelle Ball were crowned Don and Dona of Fiesta Day by John O'Sullivan of San Juan Capistrano. Faculty and student united in providing the day's entertainment which included a costume parade, talks, music, a luncheon, a skit, a banquet, a judging of beards, a dance and the annual college play "Cock Robin".

More than 3000 students of the Santa Ana Junior College turned out to hear the exchange program presented in the high school auditorium Tuesday, by the Fullerton Junior College.

Completing an epoch-making year in the history of the junior college Longfellows' Club, an invitation was sent recently to Will Rogers, world famous actor and humorist, asking him to join the exclusive list of "honorary members" of that organization, according to Charles Greenleaf, club president.

Between 100 and 200 mothers enjoyed a Mother's Day tea and program given in their honor by members of the Y. W. C. A., W. A. A. and A. W. S., Monday afternoon from four to six in the "Y" hut.

Several changes will be made in the women's physical education department next year, it has been announced by Alverda West, head of the women's physical education.

Five school organizations are co-operating with Robert Brown, president of the Gauchos club, in the student loan fund drive which will start Monday and continue through the week.

"Papa, buy me a pair of pumps I'm going to the Fireman's Ball."

## DECLARE PILSEN PLAY SUCCESS; 500 SEE OPERA

Having a cast of over 100, "The Prince of Pilsen," a light opera of two acts staged by the combined men and women choruses of Santa Ana high school and junior college on May 6 and 7, was considered the heaviest and most successful presentation ever attempted by the music department. Miss Myrtle A. Martin, head of the music department, directed the opera.

Besides the annual opera, the department made itself known through programs, by giving assembly programs out Orange county by presenting soloists and quartettes over radio program at high schools throughout the county, by furnishing a part of the music for the Public Schools Week held recently, and by featuring on programs at many of the service clubs of Santa Ana and nearby cities.

The men's chorus gave an assembly during the first semester a one-act comedy, "Cleopatra," besides entertaining at the various service clubs of Santa Ana.

The J. C. quartet composed of Mark Hare, Martin Bowman, Bill Fox and Philip Griset have made a tour of the county presenting programs, as well as singing over radio broadcasts and presenting numbers

## Scene From Tonight's Play, "Ladies Of The Jury"

### Scheduled Events To Come In Next Few Days

- Wednesday, May 11—Press club meeting.
- Thursday, May 12—Club Presidents meeting.
- Friday, May 13—Dance in gymnasium. "Ladies of the Jury"
- Sunday, May 15—Breakfast club meeting.
- Monday, May 16—Service club meeting.
- Tuesday, May 17—Beta Gamma meeting.
- Wednesday, May 18—Longfellows club meeting.
- Thursday, May 19—Phi Theta Kappa meeting.

## Other College Happenings Recorded By Don Reporter

"The Pirates of Penzance," a Gilbert and Sullivan comic opera, was presented by the combined glee clubs of San Bernardino Junior College as their annual musical offering.

Chaffey junior college with her 14 large Reo busses and five small cars has one of the largest transportation systems in California. The bus service is run more economically, in relation to its size, than any other school bus system in California.

The annual trip to Santa Cruz Island, sponsored by the Santa Barbara State College Outing club will start on May 28th, and continue through the 30th. This is the big event of the year for the club and will officially close the Outing club's program for the year.

The program includes rowing, swimming, hiking, a cruise around the island, and the visiting of the Painted cave.

R. C. Sheriff, author of "Journey's End," is expected to visit the University of Redlands campus on or before the date of the production of his play at the school.

A recent survey of various college libraries shows that 59 percent of the library patronage for detective stories comes from members of the faculty.

Three hundred and thirty-six made

the honor roll at North Carolina university this last semester and 42 students made all A's.

A course in fishing has been instituted recently at the University of California.

Complimenting junior college women of the Southland, the Associated Women Students of Occidental college celebrated their annual May festival on the Occidental campus Friday, with 11 Santa Ana students attending the affair.

### Surprise Party For Art Teacher Held

In honor of the birthday of Anna M. Gilles, art instructor, members of Alpha Rho Tau gave a surprise tea last Friday afternoon at 4 o'clock in the Y-hut. Miss Gilles was at that time presented with an antique necklace and bracelet as a gift from the group.

The program for the affair consisted of two vocal solos by Florine Pollock and some drawings, accompanied by music. As Goldie Peale made sketches, Genevieve Wicks played appropriate selections on the piano. One was the drawing of a river. "River Stay Away From My Door" was the accompanying piece.

At the last a large birthday greeting was drawn by Miss Peale.

### Associate of Arts Is New Degree For Graduation Diploma

With the revision in graduation requirements by the state board of education, the Santa Ana junior college is offering this year for the first time a degree of associate of arts which will appear on the certificate or diploma of each graduate.

With the adoption of the new ruling next year there will be no distinction between the diploma and certificate student, but all will be required to complete the same number of units and certain mandatory courses.

Hygiene will be required for the degree and the number of units necessary to receive the Associate of Arts title will be 64. The necessary adjustment has been made this term by the granting of a full credit for gym.

## J. C. PAPER WINS HIGHEST RATING IN COMPETITION

El Don, official news publication of the Associated Students, again brings honor to the Santa Ana junior college with the announcement received by Edgar M. Flowers, instructor of journalism, that the periodical has received the rating of All American for the second consecutive year in the national contest sponsored by the National Scholastic Press Association.

The All American rating is the highest honor that can be awarded any publication entered in the contest and requires a score of 785 points or more. The editions from October 15 to December 15, 1931 which were entered in the competition were published under the direction of Paul Wright, editor-in-chief.

Wright served as sports editor and managing editor of El Don, the term previous to his editorship. Assisting Wright in editing the winning editions as members of the staff were Glover Hendrickson, managing editor now editor-in-chief of El Don; Robert Durbin, sport editor; Gladys Lloyd, feature editor; Edwin Folger, business manager; Eugene Stevens, circulation manager; Joe Koons, photographer; and Martin Bowman, cartoonist. The rating was won in 1930 under the leadership of Oran Asa.

Special recognition was given Wright in a special note on the score sheet commending the editorials which were given a rating of 90 out of a possible 100.

## Campus Organizations, Purpose And Activities, Are Reviewed

**L'HOTEL de RAMBOUILLET**  
"L'Hotel de Rambouillet is the oldest club on the campus, having been organized in 1917."

The purpose of this group is to endeavor to arouse interest in the French language, customs, and other things French. Besides this, it holds a meeting once a month, frequently in commemoration of some French fete, but often it is merely an ordinary party carried out in the foreign motif.

Some of the functions of the club have been a play day given by the U. C. L. A. French club, a snow party at Big Pines, and various beach parties and French dinners. At all of these events the members are supposed to speak nothing but the foreign language, and thus have an opportunity to apply the tongue to practical purposes.

**PHI THETA KAPPA**  
Similar to the Phi Theta Kappa, the Honor Society was formed in J. C. in 1923, as a means of honoring those students who did exceptionally good work scholastically. At the present time requirements for membership are 31 grade points, with no grade less than a C.

Permanent membership is gained after a student has made this record for three semesters. He is then awarded an official certificate at graduation.

This year the local honor society was reelected to the state presidency, Lella B. Watson being president of the advisory board, and George Griffith, state student president.

**ALPHA RHO TAU**  
Alpha Rho Tau represents those students of J. C. who are interested in art. Its membership is limited to 25 who are elected by popular vote.

During the year, this organization plans to make two excursions. So far they have visited Bullock's Wilshire, Laguna Art Gallery, and the Huntington Library. In addition to these trips, this group has had various beach parties, sketching parties, potluck suppers, and other forms of entertainment.

### One-Act Comedy Entertains Club

"Cupidon Dentiste", a one-act comedy, was presented by Bert Winslow as the main feature on the program at the L'Hotel de Rambouillet banquet held on Thursday evening at 5:30 in the J. C. cafeteria.

As red, white, and blue are the national colors both of France and of the United States, all table decorations were carried out in this motif. Hostesses at the four tables were Aileen Adams, Marie Moog, Velma Bishop, and Mary Mateer.

Meeting in the small room of the cafeteria at 5:30, the guests sang the "Marseillaise" before sitting down to the banquet. Everard Stovall accompanied at the piano.

The program, which was given during the three course French dinner, consisted of recipes of various parts of the meal, given in French. Miss Adams told how to make the French soup and Betty Hawk, how to cook peas. Miss Moog described the recipe for French ice cream, and finally Harry Motley gave the recipe for the coffee.

Between the second and third courses Albert Spencer and William Blanchard gave a radio skit behind the screens.

As the after-dinner program, Burt Winslow presented a comedy, "Cupidon Dentiste". Dentiste was played by Willard Minor, and other members of the cast were Ervin Watkins, Mildred Spicer, Ernestine Wakeham, Margaret Guard, and Anna Hull.

The French dinner, planned and cooked by Miss Watson, consisted of three courses: a French soup with French bread as the first course, a French salad of lettuce and dressing, peas, French fried potatoes, sliced beef, and French bread as the second course; and French ice cream and coffee for the third course.

Guests of the affair were Mrs. Burr Shafer, Madame Olivier, Julia McGill, Aurelia Kark, Lella B. Watson, Velma Bishop, Ruth Souder, Kiyoko Saiki, Marie Moog, Mary Day-

**H. S. KRESS CO.**  
5-10-25 STORE

**PHI THETA KAPPA**  
Phi Theta Kappa was initiated into the Santa Ana junior college as the Alpha Beta chapter in November, 1929. "This was an especial honor to the college, as it was the first chapter of Phi Theta Kappa, the national honor society for two-year institutions to be granted in California."

In order to become a member of this strictly honorary organization, a student must make a two-point-five average for one semester, or must maintain a two-point average for two consecutive terms. In addition to this, the faculty must approve him as a member of the national honorary society.

Each semester the Phi Theta Kappa holds a formal candle lighting ceremony for the initiation of new members. At that time the initiates take an oath to carry out the standards of Phronium, Themos, and Katharotes, which represent the ideals of the organization.

At the present time Phi Theta Kappa has 29 members.

**ENGINEERS**  
For the purpose of advancing knowledge in a field of Engineering and science, the Junior Chapter of American Association of Engineers was organized on the junior college campus. Speakers, field trips, and individual projects have furthered this purpose.

During the school year the club has taken a trip to Rambsburg where it went through the Kelly Mine, Yellow Aster Mine, and "tailing" plant, and a trip to San Diego where they examined the S. S. Detroit, a 10,000 ton cruiser, and the S. S. Nautilus, a submarine of the U. S. Navy. They also went through the Army and Navy airplane motor repair shop.

Student projects performed this year includes: a map of the campus by the civil engineering group, a dynamometer stand by mechanical engineers, and a soil test of various sections of Orange County by the chemical engineering group.

A demonstration showing the transmission of the human voice over a beam of light will be presented on May 20 by the electrical engineering group of the club.

### Phil. Club Meets In Nealley Home

"What I Believe" was the subject of the talk given by Dr. Percy R. Davis before a large attendance at the regular weekly meeting of the Philosophy club last Saturday evening, May 7 in the home of Mr. Nealley, Tustin.

Dr. Davis stressed that one should have an attitude of disinterest, that is employ the scientific method. This, he claims, would be the best way to come to a solution of the modern social problems. The sciences have made such great advancement because they have employed the scientific method, so it is impossible to bring about the same outcome if applied to the social sciences.

### "Broken Dishes" At Fullerton Friday, May 13

"Friday the thirteenth and Broken Dishes!"

Few freshmen classes would have the courage to tempt fate with this combination. But that is exactly what the freshman class of the Fullerton junior college is doing. On Friday, May 13, the freshman class play, "Broken Dishes", will be presented in the new auditorium with an all-star cast.

The play, a farce by Martin Flairn, is filled with clever lines and incongruous situations. According to the dramatic coach, Mrs. Esther C. Littlefield, progress during the first few rehearsals was unusually slow, because the type of the play is such that they had to become accustomed to the hilarious situations and become familiar with the lines and situations, work has moved along rapidly.

### J. C. ENGINEERS HAS MEETING OF GRADUATES SOON

Frank H. Omstead, member of the American Association of Civil Engineering and author of several books discussing flood control of rivers, will be the speaker at the meeting for graduating seniors to be held May 20, by the Junior Chapter of American Association of Engineers.

A committee has visited all of the high schools in Orange county and has extended invitations to the seniors interested in engineering to attend the meeting. The purpose of the meeting is to create an interest in the minds of the graduating seniors for the Santa Ana junior college, and for the Engineering club itself.

Aside from refreshments served by the Shea Shell Shocial and Mr. Omstead, the speaker, William Salisbury will also give a demonstration on the transmission of the human voice over a beam of light.

The Engineers are expecting quite a number to attend the meeting.

# Santa Ana Wins Empire League Title

## Batmen Headed for Orange Conference Crown

### DIAMOND MEN IN RACE FOR LEAGUE FLAG

Fullerton To Be Met There Tomorrow In Final Season Game

Blasting their way on toward a league championship, Clyde Cook's Dons took the Riverside Tigers last Saturday by the close score of 8-7. With Empire League baseball in an uproar due to the San Bernardino-Chaffey game being stopped in the fourth on account of rain, the championship is so far up in the air that no one seems to be able to decide who will get the title.

**Santa Ana Chance**  
The San Berdo-Chaffey game means much to Santa Ana because the S. B. Indians is the only team which has won over the Padres with but Fullerton to be met to end the season.

If Santa Ana wins over the Yellowjackets and if Chaffey beats out San Bernardino, Santa Ana will hold the baseball title, however, if Chaffey does not win, the Indians will take the crown owing to their win over the Dons at the beginning of the season, although the two colleges will be tied in their league standing.

**Ninth Inning Game**  
Last Saturday's game ran along very much like all of the other games the Dons have played inasmuch as the score was tied until the last inning when Santa Ana came thru with a single run to win the game.

The close score of the game was endangered however, by a three bagger hit by Lugo, noted for his work in basketball and football, owing to his side having two outs his work was to no avail when the next batsman, Nichols, grounded to Fulson, who threw to Sullivan at first for a put out.

**Win On Error**  
Coming to their end of the ninth, the Padres had placed Higashi and Sullivan on base when Al Peterson

## Racketeers Win Over Chaffey In Matches

### Women Athletes Win W.A.A. Awards

Lorna Allen, Eugenia Gire, and Shirley Thurman are the only sophomore girls this year who are winners of script letters, the highest W. A. A. credit that can be given for participation in athletics, it was revealed in an announcement by Miss Zena Leck, athletic instructor.

Requirements for the emblems are that each take part in five out of six seasons with at least three different team activities and two individual activities. A block letter which is second only to the script has been won by Betty Walker and Mary Jane Dodd, freshmen. To obtain this award each one must participate in at least three different team sports and two individual ones. Along with the activity necessities mentioned for both groups, leadership, sportsmanship, extra curricular activities, and good appearance and posture are demanded.

If there are any women who have met the qualifications for either script or the block letter and their names have not been published, they should see Miss Leck at once.

### Women Prepared For Pasadena Swim Meet

Following a swimming meet between jaycee co-eds and the sophomore, junior, and seniors girls teams of the Santa Ana high school last Thursday afternoon in the swimming pool here, the lineup for the various water events in the J. C. playday at Pasadena tomorrow reveals ten representatives with most of these appearing in at least two races.

Florence Turner and Eugenia Gire are the only two who are scheduled for three different contests. Santa Ana's hope for aquatic honors rest upon Eugenia Gire and Alma McDonald in the 25 yard dash; Marjorie Woods and Lorna Allen, side form; Florence Turner and Lorna Allen, 25 yard back; Florence Turner and Catherine Bement, crawl for form; Eugenia Gire and Florence Turner, 50 yard dash; Eugenia Gire and Francis Curl, diving; Alma McDonald, Catherine Bement, Francis Bowman, Marjorie Woods, Ethel Ellis in the relay; and Francis Bowman, Marjorie Woods, Ethel Ellis, and Catherine Bement for a novelty relay.

fied to right field. In a mad scramble to make the catch, Lugo and Crogan, Riverside fielders got in each others way—Crogan dropped the ball—Higashi came home and won the game.

**Homan Pitches Game**  
Earl Homan, who has been pitching entire games for the last two or three weeks, kept up his good work for the Padres when he held the Tigers down to the seven run score.

On the batting list Moyer, Higashi and Sullivan led the team in this game. Although no home runs were made in the game these men are responsible for a good part of the score.

**Fullerton Next**  
Meeting Fullerton tomorrow the Padres will, in all probability, have a fight on their hands. Judging from the Fullerton-Chaffey game which had as its outcome a score of 10-7 and the Chaffey-Santa Ana game which came out 9 to 7, the locals will have a pitchers duel on their hands.

On the Fullerton batting staff Sheldon and Reno appear to be the heavy hitters. With Sullivan and his cohorts in good shape however, and odds in a 50-50 break, it is the general belief that the Dons may take the Yellowjackets.

### WILSON MESSAGE

From the standpoint of athletics, this has been a great year for Santa Ana junior college. The football team, which competed in the western division of the J. C. conference, did remarkably well. The boys played good football and could be counted on to put on a good exhibition at any time. Basketball introduced Santa Ana to the Orange Empire J. C. conference. The tennis squad also leads the conference, and is likely to continue to do so.

This great performance of all the Don's teams can greatly be attributed to the fine coaching and excellent backing of the student body.

Our athletic season will be finished Saturday, May 14 with the baseball and tennis teams facing Fullerton, and the track team being entered in the West Coast Relays at Fresno.

WALTER WILSON  
Commissioner of Athletics

### DOINGS OF THE DONAS

BY MAY MAAG

**Playday Tomorrow**  
All women scheduled to play in the sport events at Pasadena will meet in the high school gym tomorrow morning shortly before 7:00 o'clock when the bus is scheduled to leave. The teams will be on the playday grounds, dressed in white gym clothes and tennis outfits, and ready to attend the assembly by 9:00.

Although the swimming events are to take place in the afternoon, it is planned that everyone will be back in Santa Ana by 5:00 o'clock. An interesting program including assembly features, contests, and luncheon will fill the day.

The freshmen are undefeated baseball champions. Last Monday marked the fifth interclass game in which the upper classmen succumbed to the superior teamwork of their opponents. Mary Jane Dodd and Betty Walker, the only freshmen to win their script letters, are the formidable batteries. The scores for the contests are as follows: 22-4; 10-5; 13-12; 14-15; and 10-7.

Four contestants are being entered in the archery events: Florence Stanley, Adell Wilson, and Doris Cummings. These have been practicing on their own schedule for the last month and some excellent scores have been made, according to Florence Stanley, manager.

### Dons, Donas Meet In Baseball Fray

Determined to prove that they can play baseball too, co-eds challenged the men of the jaycee to a seven inning game took place last Wednesday afternoon. However, the assertedly stronger males should bat left handed and a change of batteries made, it was agreed.

Here is the menacing lineup of donas: pitcher, Mary Jane Dodd (Eugenia Gire); catcher, Betty Walker (Adwain Smith); first, Neva McDonald; second, Lorna Allen (Patricia Ferris); third, Elizabeth Rinker; L. F. Lucille Harper; R. F. Alma McDonald; and C. F. May Hasenjaeger.

Umpire—Lamb.

### SPORT SHORTS

#### Dons Win In All Sports

It was Santa Ana Day Saturday. The Dons won a conference track meet and a baseball game at Riverside, and a series of tennis matches here on the same day. This year we came plenty close to a basketball title, won a track title, and are all set to cop the baseball championship in the near future.

#### Conference Meet Well Run Off

The Orange Empire Conference meet at Riverside Saturday was run off the best of any meet this writer has attended this year. It started at about two in the afternoon, and by a little after four the spectators were on their way to the baseball diamond where a game was in progress between Riverside and Santa Ana. The Riverside oval is situated in a little valley and is a perfect site for a track. The pits and the track were in excellent condition, which no doubt has something to do with the fine time and marks turned in during the afternoon's competition.

Old "Moaner" Brooks, who couldn't see how Santa Ana would possibly win the track meet, is one of these nonchalant guys who isn't in sports for the honors connected with them. He even goes off and leaves the medals he won at Riverside because he didn't think that they were going to give any.

#### Six Track Records Fell

This year saw six out of a possible fifteen track records broken by members of the track team. Jim Daneri is responsible for breaking four of these and for equaling a fifth. He set new marks in the shot put (40 ft. 7 1/2 in.); the discus throw (124 ft. 3 1/2 in.); the javelin throw (178 ft. 3 1/2 in.); and the 440 (51.8 s.); and equaled Joe Warner's record of 25s flat in the low hurdles. Loyle Gilbert's new record in the broad jump is 23 ft. 10 3/8 inches. Fred Brooks is the holder of the new high hurdle mark, running this race in 15 flat.

#### Why Not Gold Track Shoes?

WHAT! NO GOLD TRACK SHOES FOR THE MEMBERS OF THE SANTA ANA JUNIOR COLLEGE ORANGE EMPIRE LEAGUE CHAMPIONSHIP TRACK TEAM?

Well that's what it looks like—or at least that is what we have been given to understand. Can it be true that this calamity is about to be visited upon us? Such a thing, if true, would take away all the joys and happiness of this glorious Fiesta Day, for some twelve or thirteen Dons at least.

WHY SHOULD WE AS TRUE DONS NOT REWARD IN A FITTING MANNER OUR TRACK ATHLETES WHO HAVE FOR THE FIRST TIME BROUGHT A TRACK TITLE TO OUR COLLEGE?

Must we pass around a tin cup, or force the track team to give a benefit dinner to buy their OWN trophies. Surely our worthy friends on the executive board can scrape up a FEW dollars to make possible the payment of this debt we owe to our track men.

By the way—Why is it that the executive board can rake up enough jack every time some haywire club—which has never done anything for the school in the way of bringing favorable publicity to our door—wants to put on a dance to subsidize that club no matter how much of a flop the dance turns out to be.

### TENNIS TEAM TO ENTER IN LOOP FINALS

#### Team Is Headed For League Championship; Chaffey Biggest Opponent

Santa Ana junior college will have a championship tennis team this year—if—the Don "racketeers" defeat Fullerton here next Saturday, and—if—Chaffey is taken by Riverside on the latter's courts the same day.

For the first time in the history of the college, a potential championship team has been carrying the Don colors. The fact that it is a really a powerful aggregation is easily shown by the results in the score book. Except for an adverse day, the first league match of the season, that with Chaffey, not one match has been lost, either in practice or in league tournaments. The Ontario tennis squad took the measure of the locals for no visible reason whatsoever, and it is certain that if the match were to be re-played, the scores would be reversed. As it was, however, only one match was needed by the Dons to turn back their opponents, the score being 14-9, the Santa Ana first doubles and second singles turning in wins.

A week ago last Tuesday, the Dons scored a decisive clean sweep over the Citrus junior college on the Azusa courts, winning 23-0, showing a brilliant brand of tennis, no one being hard pressed to take his tournament.

Last Saturday on the local Willard courts Riverside became the victim of the Santa Ana drive to the championship title to the tune of 16-7, the ghosts losing only match, second doubles, after a three set battle. One match, third singles, was forfeited by the Dons, in order that Richard Evans, regular third singles man might team up with Lecl Slaback in first doubles, the other regular doubles partner being, at the last moment, unable to play. They won in a hectic three set battle, 6-3, 5-7, 6-1.

All championship hopes for the Dons are laid on the hope that the Riverside aggregation will defeat the now league leading Chaffey team. The two teams will go to the post with Chaffey as a slight favorite due to their clean slate this season, but Coach Lester Archer thinks it will be a fifty fifty bet, due to the closeness of the Riverside-Santa Ana tournament, in which most of the matches ran to long three set battles.

Santa Ana will meet Fullerton here Saturday afternoon as the favorite, but does not hold Fullerton at all lightly. Bob Kirk, at first singles will have stiff competition in the form of Hoots Chilsen, Orange county singles champion, and one time Don net star. First doubles will also go against strong opponents.

### OVALMEN GET MEET BY BIG POINT SCORE

#### Fred Brooks Equals League High Hurdle Record At Riverside

Finishing the most successful track season that Santa Ana has ever had, the Don track team went to Riverside Saturday and brought back the first track title to be awarded by the newly formed Orange Empire Conference. Coach Cook's men piled up a total of 55 points against Riverside's 52, San Bernardino's 36, Fullerton's 27, Chaffey's 27, Citrus' 25, and Pomona's 3 to win the silver trophy offered by the conference.

#### Gilbert, Brooks Star

The two outstanding performances of the day came when Captain Doyle Gilbert leaped 23 feet 10 3/8 inches to win the broad jump, and when Fred Brooks ran the high hurdles in a brilliant 15 flat race to beat Petch (Ch), Coe (SB), Fisher (SB), and Strother (R), to set new college records in these events.

This is the best time Brooks has topped the tall timbers this season. He was clocked 14.8 by two timers at Riverside, and hit nary a hurdle in that race. Paul Jungkeit took a second in the broad jump with a jump of 22 feet 5 5/8 inches. Jungkeit should be a real broad jumper next year if he improves as much in 1933 as he did this season. Brooks also took a fourth in the lows.

#### Daneri Sets New Javelin Mark

Jim Daneri broke another college record Saturday, this time in the javelin when he tossed the spear 178 feet 3 1/2 inches. Daneri has bettered this mark in practice, and at Berkeley he threw the pointed stick 180 feet, 5 inches, but there was some question as to whether that heave would count as a college record inasmuch as Jim did not win the event up north. "Big Jim Dan" also took a second in the low hurdles, a second in the shot put, a third in the discus throw, and a nice lap in the relay to make an impressive total of 16 1-2 points.

Tommy Cone through in fine style to win the 880 yard run in 2m. 4.8s, a time only 3 seconds above the college record which he would easily broken had he been pressed during the race. He broke the tape a good 50 feet in front of the rest of the field. Cone ran in the relay also. Harlan Traylor won his medal when he placed fourth in this race. Traylor has been improving every week, and his fine race Saturday climaxed a season of hard work on his part.

## Helping Santa Ana Grow For 46 Years!

Santa Ana's educational advantages have always been the best possible to obtain. One of the first buildings erected back in the pioneer 70's and 80's was a school building. The First National Bank was founded in 1886 and we have seen and taken part in the development of educational facilities ever since. The Bank is the financial reservoir of the community through which the people's money has flowed for 46 years to aid in building commerce, homes, and training young folks to "carry on" for us in later years!

FIRST NATIONAL BANK  
Of Santa Ana

## FIESTA PLAY TO BE FEATURED BY UNUSUAL COMEDY

Continued From Page One

edy begins with Mrs. Crane trying to reconcile the rest of the jury, composed of Tony, the Greek; Mayme, the ticket office queen; Miss Pratt, the sharp tongued spinster; Dazey, a realtor and insurance salesman; Alonzo Beale, a poet; McAdams, the jury foreman; Steve, a gas station owner; Scotty, an extra close fisted Scotchman; Mrs. McGuire, a cook; Miss Tate, a college girl and Mrs. Dace, a newly married woman; to her decision.

The first thought with most of the group is to get the business over with as soon as possible, for each one has his reason for wanting release. There is a new husband at home alone, a pet cat lost, a business engagement, a fishing trip, or a "heavy date" all waiting on the decision, and as the jury men no longer feel the restraint of the court room, they make their complaints in characteristic style.

Mrs. Crane, the one obstacle to their freedom, becomes the center of attack, but she stands her ground in the face of abuse and threats. The experiences of the next three days are graphically portrayed with all of the ludicrous combinations, and by clever manipulation of human nature, Mrs. Crane gradually wins others to her support.

### Humor Relieves Tension

During the period two love affairs sprout, grow, and are ready to blossom, and several brawls are stated. All through the waiting and bickering, the threats and accusations, there is a running fire of humor that relieves the tediousness of the situation, according to the report.

Among the press comments on the first appearance of the play are: "A sparkling comedy filled with action and human nature"—Des Moines Tribune—Capital; "Tremendously amusing, Don't miss 'Ladies of the Jury'." Charles J. Richards, Detroit Evening Times; "Upbrausingly funny."—Frank Aston, Cincinnati Post.

### Members of Cast Given

Cast of characters: Mrs. Livingston Baldwin Crane, Louise Leck; Lily Pratt, Bonnie Kiser; Cynthia Tate, Helen Hendricks; Mayme Mixer, Beth Collar; Mrs. Dace, May Maag; Mrs. Maguire, Kathleen Hawes; Jay J. Pressley, Douglas McAdams; Spencer B. Dazy, Jimmie Hathcock; Alonzo Beale, David Dale; Tony Theodophilus, Dante Siracusa; Steve Broom, Lecl Slaback; Andrew MacKaig, Howard Welch; Judge Fish, Robert Deupree; Halsey Van Stey, James Thompson, Rutherford Dale, Mitchell Hookins; Dr. Quincy Adams James, Jr., Glover Hendrickson; Art Dobbs, Don Smith; Mrs. Gordon (Yvette Yvet), Althea Lemke; Evelyn Snow, Pauline Duckett; Susanne, Mary Mateer.

## Officers Installed At Y.W.C.A. Meeting

Installation of new officers was the feature at a pot luck supper held in the Y-hut last Monday night by members of the Y. W. C. A. The organizations new leaders, who attended the Oxy training conference the last week end, were elected at the Asilomar meeting, March 25.

Mrs. Jennie Tessmann, instructor of astronomy, addressed the group after the dinner on the aims and practices of the Y. W. C. A. A piano solo by Catherine Gorath was followed by song service and a business meeting. The dinner and program were arranged by Constance Hanna, Lucile Crawford and Velma Bishop.

The officers for next semester are Marion Tooze, president; Evelyn Fairley, vice president; Elizabeth Palmiter, secretary; and Carol Harper, treasurer.

The cabinet has been selected by the four electives.

## Women's Service Organizations Outlined

### The "Queen's Ladies"

The Las Meninas was organized to promote friendship between girls and to give service to the school.

During the year the following social an service functions have been performed by the Las Meninas club members: a rally dance before the Long Beach game, decorated for all social events, sponsored a mother's tea, and gave a formal and Hallowe-en masquerade dance. The club is also ushering at the Fiesta Day play, and is serving the Fiesta luncheon.

Officers of the club are: president, Eugenia Gire; vice-president, Ruth Collins; secretary and treasurer, Priscilla Watson; social chairman, Hazel Hushman; and sergeant at arms, Neva McDonald.

### Sisterhood of Spinsters

The Sisterhood of Spinsters was organized in 1930 to further the progress and spirit of the Santa Ana Junior College.

Activities of the club during the year include the dying and cleaning of the football blankets, assisting at noon dances, contributing to the student loan fund, and the serving, with the bachelors, at the Freshman picnic at the Irvine park. From May 22-28 the club will have their annual Spinsters week. During this period they will sponsor the weekly edition of the El Don, have charge of the assembly, and entertain with a dinner dance at the Deauville Beach club in Santa Monica.

### The Gypsies

To be of service to the school is the purpose of the newly organized Las Gitanas club.

The Las Gitanas by two benefits, a bridge benefit and a dansante, have contributed quite extensively to the student loan fund. The club held its formal dinner dance at the Villa Riviera, Long Beach, early in the second semester. During this, initiation of the officers for the second semester were held, and they include: president, Lucile Reich; vice-president, Evelyn Fairley; secretary, Leona Stine; and treasurer, Jennie Lind Mahoney.

As other services to the school, the Las Gitanas organization has taken responsible parts in making the Fullerton Thanksgiving day dance, the A.W.S. dance, and the Frosh-Soph dance successful.

### The Moavs

The purpose of the Moav club is to be useful to the college by helping out in the various activities of college life. Officers of the club are: president, Edith Bailey; vice-president, Joanna Day; and secretary and treasurer, Katherine Chapman.

The club's most outstanding social activity was held at the Mission Inn, Riverside, April 23, in the form of a formal dinner dance. As services to the school, the club has charge of the supper on Fiesta Day, and is also sponsoring a booth.

For the last two semesters the Moav club has had the highest average in grade points of any club in the school.

## Men's Service Organizations Outlined

### GAUCHOS

La Compañia de Los Gauchos is one of the newer men's service clubs to be organized on the campus. Service and fellowship are the fundamental qualities on which the organization was founded. Besides drives for old clothes, foodstuffs, and other helps for the needy, the Gauchos have many annual social affairs which have proven very enjoyable. Each year a week end trip to Horace Scott's cabin in Big Bear is made, several beach parties are held, and the Annual Gauchos Jaleo is put on. This last year the Jaleo was held in the newly completed Huntington Beach Memorial Hall.

To the Gauchos fell the task of patrolling the football field, and many other school and community services which are always carried out successfully.

### BUCCANEERS

With the purpose of promoting fellowship, upholding associated student activities and the sanctioning of the social functions of Santa Ana Junior College, the Buccaneers, a newly organized men's service club of the campus, has as their skipper, Bill Kistinger. Other officers are Adam Lehr, first mate and James Hatchcock, keeper of the log.

The Buccaneers held their second semester rush party at the English Tavern, Whittier, at the beginning of the second semester. The Virginia Hotel, Long Beach, will be the setting for the club's dinner dance to be staged on Friday, May 20. This will complete the club's social calendar for this year.

### JUNIOR LIONS

Organized for the promotion of good fellowship, service and cooperation with the school, the Junior Lions are also active in much of the extra-curricular work on the campus.

This semester they gave up their annual prom to devote all of their energies to the support of Fiesta day. Work, also on the student center,

which they presented to the school in 1929, occupied a portion of their spare time. Several members of the Lions have been active in campus affairs. Sponsoring a big bonfire rally before the Fullerton football game was perhaps the most outstanding event of their last semester's activities.

**BROTHERHOOD OF BACHELORS**  
For seven years the Brotherhood of Bachelors has been a club of college men which combines service to the college and community with brotherhood based upon true friendship.

The social activities of the Bachelors are the big events of the school year. They sponsor an annual dance at the beginning of the second semester, known as the Bachelor's ball, which this year took place at the Coconut Grove in Long Beach. Every other Wednesday is designated as the Sacred Sabbath and during this day every brother wears dark glasses and a red Winsor tie, and is forbidden to converse with any member of the fair sex.
